

THE YEWE TREE PROJECT

Support for carers of those in later life

ARE YOU CARING FOR SOMEONE APPROACHING THE END OF THEIR LIFE?

One of the hardest things we can do – and one of the biggest gifts we can give – is to care for a loved one at the end of their life.

Carers Lewisham have now launched the **YEWE TREE PROJECT** to provide specialised support for carers at this difficult time. If you are caring for a partner, family member or friend who may be in the last year or so of life, we can help provide the support you need to go on caring as you choose.

Whether you need practical help with things like advance care plans, powers of attorney and assessing your own future needs, or help with carers assessments, benefits checks and signposting to other relevant agencies – or just a sympathetic ear and someone to talk to when the going is hard, we can help with as much or as little as you choose.

And the service is free.

If you are over 16 and either you or the person you look after is registered with a GP in Lewisham, contact us to find out more.
