

### An important message from Anywhere Medical Practice

Dear Mrs. Sample,

If you rely on the help of a partner, relative, friend or neighbour, we would be grateful if you would show them the letter below. As you will see, it asks them to fill in a form so that they can be registered as your carer and receive information that could be helpful to them.

#### To the carer of Mrs A Person

Dear Sir or Madam,

GP practices are now keeping a register of patients who look after someone who can't get by on their own. This could be due to old age, frailty, illness, disability, mental ill health or substance misuse.

If you look after a partner, relative, friend or neighbour for any of these reasons, **please can you complete the form** enclosed with this letter and return it to the practice in the envelope provided?

When we receive the form we will make a note on your medical records that you are a carer. With your permission we will also ask Salford Carers Centre to send you a **carers' information pack and regular carers' newsletters**. The information pack and newsletters contain information about **benefits and services** that could make life easier for you.

Please note, if you are not registered at this practice, we would advise you to let your own GP practice know that you are a carer.

Yours sincerely,

Anywhere Medical Practice
